### Sent To Governor

The two measures, introduced by Sen. Milton Zaagman, R-Grand Rapids, would require the filing of Probate Court findings with the Secretary of State and would make the teen-agers under probate court jurisdiction subject to the point system. The bills now go to Gov.

George Romney for action.

With a weather-eye on the calendar, the House went into its second extra-long session in ance. two days. In a four-hour meeting, it passed 10 bills, delayed decisions on two and referred three to the House Ways and Means Committee in addition to moving five measures into position for a final vote.

# Limit Sought For Debate On Truce Agreement Reached **Voting Rights**

next week.

The speedup maneuver was announced Tuesday by Democratic Leader Mike Mansfield and Republican leader Everett M. Dirksen. They have been as close as Siamese twins in handling the legislation.

If Mansfield and Dirksen get two-thirds of the Senate to go along, each senator will be limited to an hour's speaking time on the bill and its amendments.

A complaint was registered immediately by Sen. Allen J. Ellender, D-La., who is standing in for the ailing Sen. Richard B. Russell, D-Ga., as tactician for Southern senators.

Ellender charged the leaders current version of the measure has been under debate only two days. Ellender said he and other senators haven't spoken about it

Mansfield and Dirksen will file their cloture - debate-limit ing - petition Monday. Under Senate rules it will come to a vote next Wednesday, an hour after the Senate meets.

Before making their cloture announcement, Mansfield and Dirksen tried to obtain a unanimous-consent agreement to limit debate on two major amendments to four hours each, on other amendments to two hours each, and on the bill itself to six

Ellender blocked it, despite Dirksen's plea that "the Senate cannot be stalemated."

Mansfield asked if Ellender would agree to a debate limitation if additional time were allotted for consideration of amendments.

"No, not at this time," Ellender replied.

If the bill becomes law, literacy tests would be suspended and federal registrars could be appointed in wide areas of the South to make sure Negroes are not barred from voting.

FRANK J. RUSSELL, Publisher JEAN WORTH, Editor

### Value Of Dollars

Why should a pulp cutter at Seney, or a miner at Ishpeming or a shopkeeper in Iron Mountain care about the balance of payments?

Because it affects the value of the dollar. And he lives by the dollar. He may think that he's interested only in how many of them he can earn, but actually he's even more influenced by what they're worth.

A nation's money system is never something that's purely domestic, just something within the borders of the country, it is the country's system of financial value exchange and also its method of exchanging values with other nations. When a country becomes as big as the United States its money system comes under great pressures outside the country.

The Johnson Administration has expressed its concern about our balance of payments problem (more dollars going out of the country than coming in) and urged some remedies. The Wilson Administration in Britain has faced the same problem and acted more drastically

The problem may not be well understood by the little man in America, but it is no less real, and a broader understanding of it should be helpful to correction.

Dr. Charles B. Walker, executive vice president of the American Bankers Association, told a subcommittee of the Senate Banking and Currency Committee of the Association's position on the problem. He summarized:

1. Failure to deal effectively with our international financial problems could cripple the international monetary system and undermine the Free World's economic 2. Although three U.S. administrations have tried

to bring our international accounts into balance progress has been puny. 3. President Johnson's program to reduce and then eliminate the deficit, largely through voluntary efforts of bankers and businessmen . . . does not provide a long-

run answer to our payments problem. 4. Real correction consists of these indispensable

elements: A. Continuation of wage-price stability.

B. Further reduction in ease of credit in domestic

C. Further reduction in dollar outflow from our foreign aid and defense programs.

# Hiawatha Tree **Planting Starts**

The spring tree planting program on the Hiawatha National Forest began on Monday on the four ranger districts: Rapid River, Manistique, Sault Ste. Marie and St. Ignace. Plans have been made for

planting 1,151,000 trees. Of this total 926,000 will be 3-yearold red pine seedlings for planting on the sandy soils. On heavier soils or wetter sites, 225,000 white spruce transplants will be used.

During a substantial reforestration program since 1926, the large, open, flat areas were the first to be planted and are now in forest production. Such choice planting sites on the Hiawatha Forest are rare today and small or irregular areas and those with rough terrains do not lend themselves to machine planting.

Some of the work on the Sault District will be done with machine, but for the most part the work will be hand planting. The forest expects to employ 80 to 90 men for those projects and plans completion by the end of May.

### **Buyers Purchase** 102 Parcels At May Tax Sale

Ann Villeneuve, Delta County treasurer, said today that 102 parcels of land were sold in the arnual May tax sale which concluded this morning at the Delta County Building.

Total price paid for the land was \$1,395.59.

Mrs. Villeneuve said that the price represented 1962 taxes plus accrued interest and penalties on the properties.

She said that owners have a year to redeem their property. If at that time the owner still has not met his tax obligations, then the tax sale buyer must serve notice on the owner that he has purchased the land.

If at the end of six more months the taxes still have not been paid, the tax sale buyer is new legal owner.

Of the 102 parcels purchased in this year's sale, Mrs. Villeneuve said most were small pieces of land scattered throughout the county.

# Here's what natural gas can save you under municipal ownership

The citizens of Escanaba are interested in the dollars and cents savings they can realize with natural gas. Michigan Consolidated has quoted the difference in prices between present City gas prices and natural gas prices.

Let's look at the natural gas rate under Michigan Consolidated ownership and Municipal ownership as projected by Black & Veatch, Consulting Engineers.

### **Black & Veatch Report:**

Table 5, Page 34 GENERAL SERVICE

First 300 Cu. Ft. per month or less\_\_\_\_\_\$1.00 Next 1,700 Cu. Ft. per month\_\_\_\$1.50 per thousand Next 3,000 Cu. Ft. per month\_\_\_\$1.15 per thousand All over 5,000 Cu. Ft. per month\_\_\_85c per thousand

### Table 9, Page 49 GENERAL SERVICE

First 500 Cu. Ft. per month or less\_\_\_\_\_\$1.75 Next 1,500 Cu. Ft. per month\_\_\_15.0c per 100 cu. ft. Next 3,000 Cu. Ft. per month\_\_\_11.5c per 100 cu. ft. Next 45,000 Cu. Ft. per month\_\_\_10.0 per 100 cu. ft. Over 50,000 Cu. Ft. per month \_\_\_ 8.8c per 100 cu. ft.

Therefore, a customer using natural gas for cooking and heating water, and using 2,000 cu. ft. per month would save 11% by buying gas under municipal ownership.

Present City gas users need no conversion for natural gas.

These facts are being provided as a public service by citizens opposed to sale of gas utility.

### Mary Dowling And Sister On Trip Abroad

A sentimental journey to their homeland, which, incidentally, will bring back to Escaanba secrets of the best cuisine of the major cities of London and Dublin, started this morning for Miss Mary Dowling, dining room hostess and assistant supervisor of meals and foods at the House of Ludington, and her sister, Mrs. Brigid Callender, assistant manager of the Oak Park Arms Hotel, in Oak Park,

The sisters, guests of the House of Ludington on their long planned trip to England and Ireland, will tour the most famous restaurants in both cities, with special attention to management and menus.

They also will visit with members of their family who are in the Township of Listrahee, near Dublin, birthplace of Mary and her sister, and in England.

They plan to be away for about three weeks.

# \$3,000 Primrose Help To Students Public Relations Topic Of Final Workshop Meet Public relations and public relations.

William Primrose, former Escanaba investment specialist now living at the Victoria Park Hotel, 2332 Park Ave., Detroit, today asked his Escanaba attorney, Nicholas P. Chapekis, to announce that he was making his annual distribution of Primrose scholarships.

Chapekis said that the total amount is \$3,000 to continue the program of educational benefactions which Primrose started several years ago when he was a resident of Escanaba. He lived here at the old Commercial Hotel on Ludington St., near the Escanaba National Bank, which now owns it and is razing it. It had been a Primrose family property until William Primrose made it a gift to Mr. and Mrs. Charles Lang of Escanaba.

The Primrose scholarships this year are in the same total amount as last year. They will

### Track Team Bus And Car Collide; 50 Are Injured

HOLLAND (AP)-Two youths were hospitalized and 48 others suffered minor injuries when their school bus collided with an oncoming car and plunged into a 15-foot-deep culvert Tuesday.

The bus was carrying members of the West Ottawa High School track team to a meet at Grand Rapids High School.

The brakes of the vehicle failed as the bus came down an exit ramp of U.S. 31 a half mile from Holland, Ottawa County Sheriff's officers said.

Daniel Arizmandez, 18, of Holland, was reported in fair condition in Holland Hospital with a concussion. Another Holland youth, Forrest Hamilton, 18, was listed in good condition with possible internal injuries.

The driver of the car, Ronnie Jones, 20, of Holland was not injured.

Officers said both the bus and the car were destroyed.

Never before in Upper Peninsula prep history has one school had such power in the shot put as Escanaba has this season . . . Bill Sarnowski is current king of the U.P. heavyweights with his championship toss of 50 feet 71/2 inches in the finals at Marquette last spring . . . The senior weightman has found his toughest competition this spring in Jim Hansen, a junior team mate, who uses his tremendous speed in the ring to get over 50 feet with regularity . . . Hansen held the school record for a 10 minute stretch when he flipped the ball 51 feet 81/2 inches . . . But Sarnowski regained it with a toss of 52 feet 1/2 inch . . . And placing third in the meet with a distance of over 46 feet was Steve Johnson, another Escanaba

Dick Berlinski, the Flivver Flash, is not the only Upper Peninsula track star cut down by an injury this spring . . . Jim Johnson, standout sprinter and broad jumper on Coach Al Sandona's Iron River squad, injured his instep broad jumping in a dual meet against Norway over the weekend . . . He won that event with a leap of 20 feet 2 inches but scratched from the 100 and 220 dashes . . . The Redskins cantured 11 first in the meet and outscored the Vikings, 84-25.

Ishpeming scored nine firsts and swept quarter mile, high jump and shot put while whipping Negaunee, 77-32, in the ably left shaking their heads opening outdoor track meet for both schools this week . . . Leo Gehlhoff was the lone double winner in the meet, cop-still playing in the International ping the low hurdles in 22.9 seconds and the high jump at 5 League. feet 7 inches for the Hematites.

The Ironwood Red Devils piled up 581/2 points to dominate the Michigan-Wisconsin Invitational track meet staged at Wakefield . . . Individual star of the meet was Ray Sibley of Wakefield, the defending U.P. Class team champion, who won the 100 yard dash in 10.35, the 220 in 24.15, the broad jump with a leap of 19 feet 101/2 inches and acored the winning 880 yard relay team . . . Dave Hegg of Ontonagon broke the oldest Wakefield field record by running the half mile in 2:06.1.

Dave Hallgren, former Channing coach and Norway prep athlete, has resigned as basketball coach at Galien High School in lower Michigan to take a position in the guidance son's grounder but recovered in department at Menominee High . . . Hallgren's Galien cage time to toss the ball to McLain team reached the state Class C semifinals before losing last who had raced over to first.

Marquette's tennis team, defending Upper Peninsula Class A-B champion, whipped Escanaba 7-0 in the season opener for both schools . . . Marquette is an annual U.P. tennis powerhouse with the Redmen winning nine of the last 11 Peninsula Class A-B and B championships.
